

2015 Wildlife Management Career Exploration Panel

Do you want to work with animals? Have you ever considered a career in wildlife management? If so, please consider joining the Arizona Game and Fish Department as we host a Wildlife Management Career Exploration Panel on Saturday, January 24, 2015.

Participants will have the opportunity to hear from a panel of current Department employees, who will provide an overview of their responsibilities. This will be followed by a short question and answer period. Following the presentations, all panelists will be available to address more specific questions.

The event is FREE to the public and is geared toward high school and

undergraduate college students. Children younger than 18 years old need to be accompanied by an adult.

Even though the event is free, registration is required. Space is limited and registration does NOT guarantee participation. All accepted participants will receive an email as we get closer to the event with further details.
